Sewing pattern print-scale check

Use this sheet to check your print settings before you print a pattern.

1 **Select A4 paper**

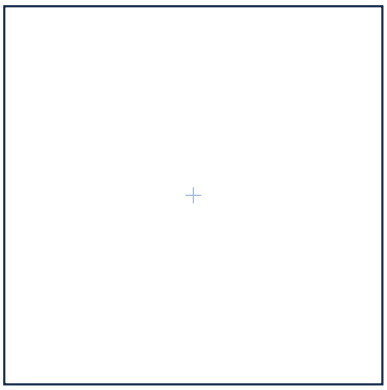

Use 210 x 297 mm paper in your PDF viewer and your printer settings.

2 **Print this page at Actual size or 100%**

Turn off Fit, Shrink, and any scaling in the printer driver.

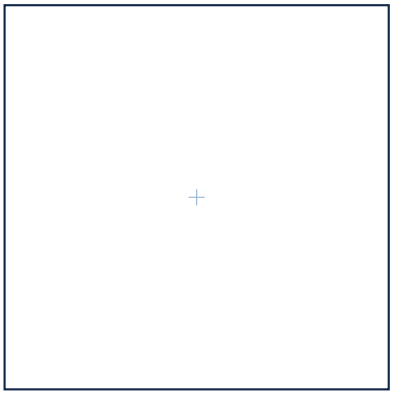

3 **Measure across and down**

Use a ruler to check the width and height of either square.
Measure from the center of one line to the center of the opposite line.

50 mm x 50 mm

Metric reference

2 in x 2 in

Inch reference

If the measurement is off

Recheck paper size and scaling, then print this sheet again.
Before printing the rest, measure the pattern's own test square.
