Sewing pattern print-scale check

Use this sheet to check your print settings before you print a pattern.

1 **Select US Letter paper**

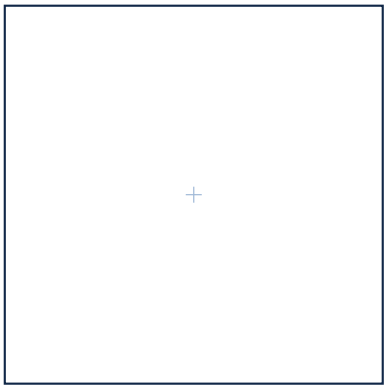

Use 8.5 x 11 in paper in your PDF viewer and your printer settings.

2 **Print this page at Actual size or 100%**

Turn off Fit, Shrink, and any scaling in the printer driver.

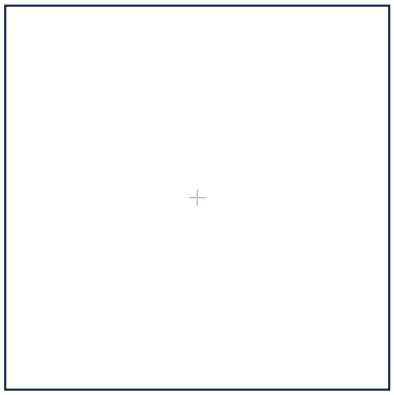

3 **Measure across and down**

Use a ruler to check the width and height of either square.
Measure from the center of one line to the center of the opposite line.

50 mm x 50 mm

Metric reference

2 in x 2 in

Inch reference

If the measurement is off

Recheck paper size and scaling, then print this sheet again.
Before printing the rest, measure the pattern's own test square.

Print test sheet only. No sewing pattern is included.
